Dear [redacted]

STAT

I want to thank you again for meeting with me Wednesday. Your recollections add an important dimension to our study and--we hope--enable us to portray the events of the past with greater accuracy and sensitivity than otherwise we would be able to do. Your long and rich experience has given you unique insights into many of the events about which we are writing, and I feel fortunate to have been able to tap you as a resource.

In a more personal vein, it was good fun to meet someone who worked so closely with Mr. Helms during those hectic weeks in 1967. By almost any measure, that was the highpoint of the Helms years.

So please know of our keen appreciation for your cooperation and assistance.

Sincerely,

HS/
